

## Head Teacher's Note:

Hi everyone

As you are aware, it has been rather a different week as have had our OFSTED inspection. We cannot comment currently about the outcome but will expand further when it is published which should be in 3-4 weeks. The children have been terrific as always and as a staff we are extremely proud of them.

Coronavirus is high on the agenda, please read the letter we are sending out with regards to this today, as well as the attachments to this newsletter.

Have a good weekend!

Julie Bratt

Please see attached information for how we are handling the Coronavirus and steps to take for those who use the building.

We have also attached government information and guidance regarding coronavirus.

#### Parking

Can all parents/carers please ensure they do not park on the yellow zigzag lines or block our neighbours' entrances.

Please can you not block the entrance to the car parks particularly when dropping off or picking up from zoom. It causes a traffic jam and makes it difficult for other users of the carpark.

Message from the Director of Public Health

TRUST

Public Health  
England

You will be aware of the growing global concern about the new coronavirus outbreak in Wuhan, China. Public Health England has published a question and answer blog which is regularly updated as things change.

<https://bit.ly/3b4li9q>

The situation is being monitored as it develops. The risk to the UK, and Birmingham, currently remains low and although there are now two confirmed cases in the UK, these are not in the West Midlands.

It's a good time to remind all our pupils, staff and parents of the simple steps to prevent the spread of this type of respiratory virus through regular handwashing and using a tissue when we sneeze or cough to '**Catch it, Kill it, Bin it**'.

## CATCH IT

Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

## BIN IT

Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

## KILL IT

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.

# Advice on the coronavirus for places of education

## How serious is the coronavirus?

- it can cause flu-like symptoms, including fever, cough & difficulty breathing
- the infection is not serious for most people, including children
- there is currently no vaccine
- most people get better with enough rest, water to drink and medicine for pain

## How likely are you to catch the virus?

- you can only catch it if you have been close to a person who has the virus
- the chance of being in contact with the virus is currently low in the UK
- if you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

## How can you stop coronaviruses spreading?

### If you need to cough or sneeze

Catch it  
with a tissue

Bin it

Kill it  
by washing  
your hands with  
soap & water or

## What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call **NHS 111** for advice. Follow the UK Government advice for childcare or educational settings [gov.uk/government/publications/guidance-to-educational-settings-about-covid-19](https://gov.uk/government/publications/guidance-to-educational-settings-about-covid-19). Parents can visit [NHS.UK](https://NHS.UK) to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Wuhan and Hubei Province in China should self isolate, and NOT attend education or work for 14 days. See [NHS.UK](https://NHS.UK) for advice on coronavirus.
