Thursday 27th March 2025

Dear Parents and Parent Carers,

We have reached the end of the first year of the Partnership for Inclusion of Neurodiversity in Schools **(PINS)** project.

It has been wonderful to visit your school over the past year and meet with parent carers of children with SEND to hear about their experiences and share these with the senior leadership team. It has also been interesting to find out the changes that school has implemented because of the training they have been receiving.

Could you please complete a second survey that will help us evaluate the effectiveness of the project? **The survey is open to all parents** so that a whole school overview can be collected. A thematic summary of the survey results will be shared with your school and PINS project partners from NHS England, Department of Education and NNPCF.

The survey is open for two weeks from **Thursday 27th March** until the closing date of **Friday 11th April 2025**

The individual information provided will only be accessible to PACC Shropshire. Your individual survey response will NOT be shared. The only time information will be shared is if it raises a concern for someone's safety.

All information provided will be stored, used and accessed confidentially in accordance with Data Protection legislation.

If you have more than one child attend the school, then you may complete the survey for the number of children you have attending the school.

Please follow this link to complete the survey.

https://forms.office.com/e/9Emm4x4sr8

If you are unable to complete the survey online, please ask your school for a paper copy which can be forwarded to us via your school.

Yours sincerely,

Simone Goward

Parent Carer Liaison Lead
