Friday 27 June 2025

Dear parents and carers,

Please find the final details for Bikeability taking place next week below.

Children taking part in **Year 5** will need their bikes in school on **Monday and Tuesday.** Children taking part in **Year 6** will need their bikes in school on **Wednesday and Thursday.**

The children can come to school in their **PE kit and trainers** on their Bikeability days. They will be split into groups and will take part in different sessions over the two days; this means the groups will be arranged so they can still do swimming as normal.

In order to take part, children must have returned a completed consent form and have a bike and helmet in school on their Bikeability days.

If you have any questions or queries about any of the information above, please get in touch through the Explorers, Adventurers or Voyagers email addresses or alternatively ring the office (01902 372558).

Kind regards,

Miss Saunders
