Dear Parents and Carers,

I am writing to inform you of some important updates to our school's policy regarding the use of mobile phones on school grounds.

As you are aware, we have recently introduced a new system for pupils who bring mobile phones to school, designed to ensure that devices are stored safely and not used during the school day. This system is now in place and working well.

However, we are also making changes to the use of mobile phones by visitors, including parents and carers, when attending school events such as assemblies, performances, and celebrations.

Currently, we ask parents to sign an agreement confirming that any photos or videos taken on school premises will not be shared on social media. Unfortunately, there have been occasions where this agreement has not been fully adhered to. In order to better safeguard all pupils and respect the privacy of our school community, we are introducing a clearer and more consistent approach.

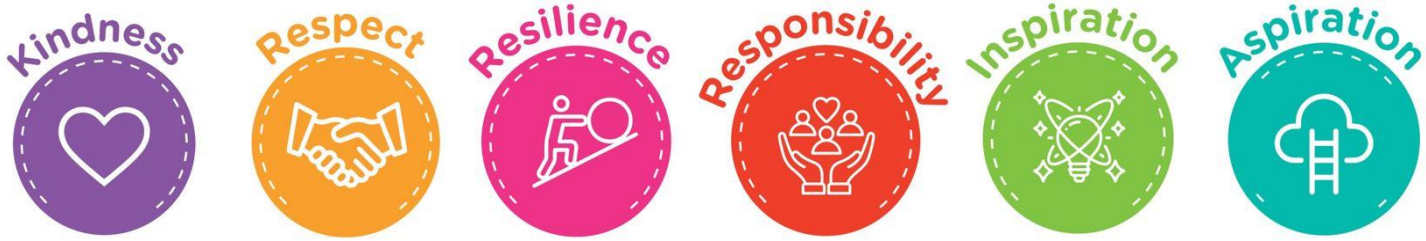

From now on, we kindly ask that:

- Mobile phones are kept out of sight and not used while on school premises.
- During assemblies and school events, phones must remain put away at all times.
- At the end of an assembly or event, parents and carers may briefly use their phones to take a photograph of their own child only.

These expectations will apply to all events held on school grounds.

We understand that families value capturing special moments, and we want to continue to allow this in a way that ensures the safety and privacy of all children. Your cooperation is essential in helping us maintain a secure environment for everyone.

We would greatly appreciate your support in following these updated procedures. If you have any questions, please do not hesitate to contact the school office.

Thank you, as always, for your continued support.

Yours sincerely,

Headteacher
